Objective:

Hello! I am a 15-year-old frontend developer from Ukraine. I have been familiar with programming since I was 11 and fell in love with it right from the start. My main tools are JavaScript, TypeScript, and Angular. I am passionate about creating beautiful and interactive interfaces for websites and applications. My goal is to build innovative and useful products that can change the world.

Work Experience:

Currently, I do not have any work experience, but I am actively engaged in programming and practical web project development.

Education:

School number 1, Ohtyrka(10grade)

Skills:

- JavaScript
- TypeScript
- Angular

Languages:

- English (Intermediate level)
 - Ukrainian (Native)
- Russian (Second native)

Hobbies:

I enjoy going to the gym and playing volleyball.

I am eager to learn new technologies and improve my skills to become a successful frontend developer. My passion for programming and the desire to make a difference will help me achieve new heights in my career.

Please feel free to contact me via email at dimasemehuk7@gmail.com, and I would be glad to discuss any potential opportunities for collaboration. Thank you for your attention!
